About company

With the industry's **#1 Continuous Testing platform**, Tricentis is recognized for reinventing software testing for DevOps. Through agile test management and advanced test automation optimized to support 150+ technologies, we provide automated insight into the business risks of software releases—transforming testing from a roadblock to a catalyst for innovation. The result is accelerated software delivery speed, improved cost efficiency, and reduced business risk.

Tricentis is the only vendor to achieve **"leader" status** in all three top analyst reports (i.e., the "Triple Crown.") This honor is based on our technical leadership, innovation, and a Global 2000 customer base of 1500+ companies, including global enterprises such as Allianz, Cisco, Dolby, First Data, HSBC, Office Depot, Samsung, Starbucks, Vodafone, Whole Foods, and WorldPay. Customers rely on Tricentis to achieve and sustain test automation rates of over 90 percent - increasing risk coverage while accelerating testing to keep pace with Agile and DevOps.

Tricentis has a **global presence** in Austria, Australia, Belgium, Denmark, Germany, India, Netherlands, Singapore, Switzerland, Poland, United States, and the UK.

We offer: attractive base salary and performance-based bonus; favorable working atmosphere in a rapidly expanding company; personal and professional development; variety of career opportunities and a wide range of tasks.

If you would like to become a member of the company where your ideas count, Tricentis is the place for you.
